Dear Members of the Partners Roundtable -

I hope this email finds you well. You will shortly be receiving an invitation to attend our next Partners Roundtable meeting on 28 June from 10:00 to 12:00 Brussels time. We hope it will be possible for all of you to join us. Our draft agenda at this time looks to cover the following topics:

- How to handle the relative ranking of models in PocketWatt (sliding scale, 1 to 10, percentage, etc.)
- Discuss how PocketWatt can help support the EU Energy Label transition
- Check if partners are OK with being listed as 'partners' on our website
- Update on the promotional video
- Can anyone offer support with celebrity endorsements?
- AOB

If you have other suggestions for agenda items, please write and let me know so we can add them in advance of the call.

Finally, please find attached the minutes from our last Partners Roundtable meeting on 21 March.

Thank you for your continued support of the Digi-Label Project -

Kind regards,
Mike
